

# Lacamas Park Trail

6+ miles

EASY **MODERATE** DIFFICULT

2700 SE EVERETT STREET, CAMAS

Lacamas Lake Park hosts a 6-mile network of scenic hiking and cycling trails, passing dense forest, spectacular waterfalls, Round Lake and Lacamas Creek. Many areas are excellent for bird-watching, and the April blooming of the Camas Lilies are an annual feature. Upland forests support a variety of wildlife, including deer, raccoon, beaver, osprey, bald eagles and many others. Round Lake is an attraction for fishing, and is stocked with a mixture of bass, bluegill and perch. Non-motorized boating only is allowed on Round Lake.
